COMM-TEC is named Master Distributor of Samsung Visual Presenters for Germany, Austria, Switzerland, France and the Benelux Countries.

Effective January 1st, 2003 COMM-TEC has taken over Master Distribution of Samsung Visual Presenters for Germany, Austria, Switzerland, France and the Benelux Countries.

With this step Samsung takes advantage of the pan-european distribution network as well as of the highly developed skills in distribution of media technology and presentation products of COMM-TEC.

Samsung Visual Presenters are state of the art presentation devices. Meaningless if OHP film, slide or 3D objects; with a Samsung Visual Presenter you can present everything as original and also store it digitalized in a PC.

The Samsung devices combine leading edge camera technology with a broad variety of digital functions and an outstanding cost effectiveness.
