

## Power over Ethernet wall mount for Joan 6 Pro

An absolute must for enterprises with extra stringent security protocols

Using the PoE wall mount with Joan 6 Pro provides many benefits simultaneously.

### Safe, stable, and always charged

The PoE wall mount provides power and internet connection with just one single cable. It guarantees a secure data transmission, and a continuous connection to the network.

### Zero maintenance costs

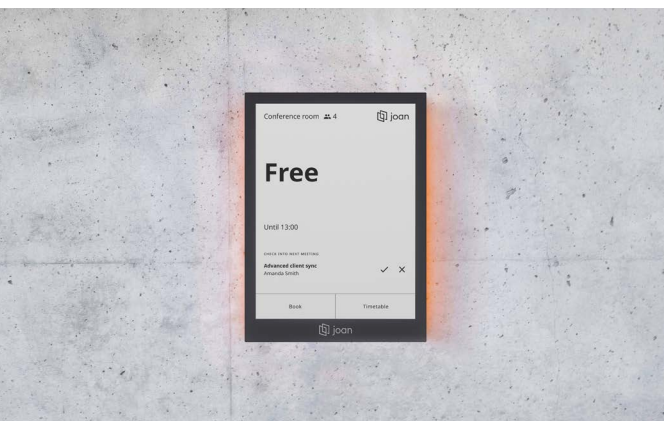

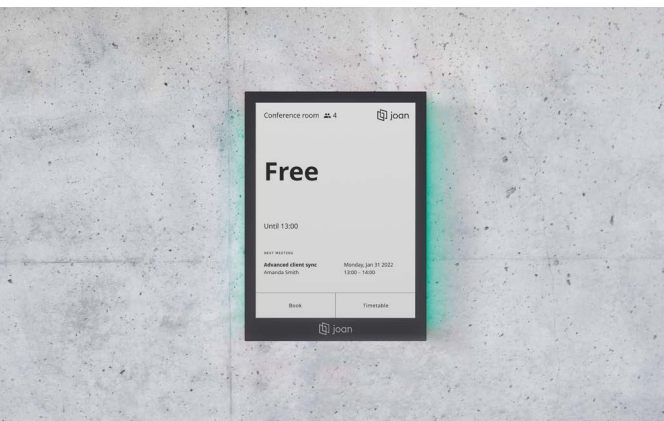

The fully wired optional PoE wall mount provides constant power to Joan 6 Pro. Thanks to the ultra-low-power architecture, Joan 6 Pro is 100 times more energy-efficient than competing solutions.

### Room occupancy status

With the PoE wall mount, telling if a room is free or booked is never an issue. The side of the wall mount is equipped with LED lights, which provide occupancy information – green for free, orange for an upcoming meeting, and red for booked.

### No more room-specific devices

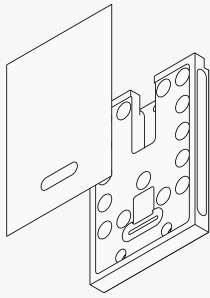

The PoE wall mount allows the same functionality as the Smart magnet and serves as a relay for room-specific information, readable by any Joan 6 Pro device on hand.

# Mounting instructions

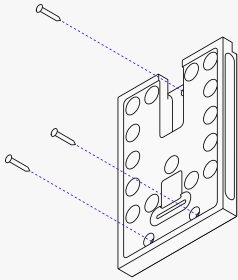

**1**

Remove the top cover of the wall mount.

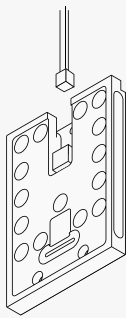

**2**

Drill holes into the wall and attach the back cover of the wall mount to the wall.

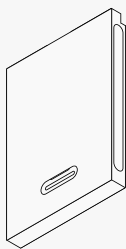

**3**

Plug in the Ethernet cable to the wall mount from the top. The cable can also slide in from the top right or left.

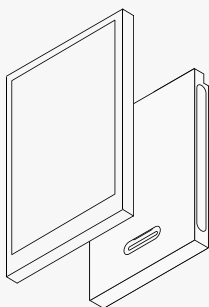

**4**

Put the top cover of the wall mount back on.

**5**

Put Joan 6 Pro on it – the magnet will hold it in place (same as with Smart magnet).

# Technical specifications

## Casing

- High quality anodized aluminum casing

## Connectivity

- PoE (Power over Ethernet), IEEE 802.3at (compatible with various PoE injectors)
- Low power Ethernet 10/100 Mbps, IEEE 802.3u compliant: 100BASE-FX, 100BASE-TX, 10BASE-Te

## Light source

- RGB LED light strip

## Power

- Output rating of 5 V, 1 A

## Dimensions & weight

- 3.62 × 5.13 × 0.55 in (92.0 × 130.2 × 14.0 mm)
- 10.9 oz (310 g)

## Environmental conditions

- Operating and storage temperature range: 32°F to 113°F (0°C to +45°C)

## What's in the box

- 1 PoE Wall Mount for Joan 6 Pro
